I/We agree: Above information is true and that any false information is fraudulent and will result in disconnection of service. I/We agree to abide by all rules and regulations governing CBPSD issued by the WV Public Service Commission and polices of CBPSD. Bills occurs monthly and is due as soon as mailed by CBPSD. A 20-day payment period is provided. I/We must pay all charges incurred in the collection of delinquent accounts. **Billing starts when CBPSD sets/turns on meter.** I will continue to be billed until a request in writing is submitted to discontinue service. I am required to pay the bill regardless of any USPS delivery issues that may result in 10% penalty and a final notice. Any damages to CBPSD equipment as result of customer/agent's actions will result in being billed for cost to replace damaged item(s). The PSD is not responsible for: any loss of water once it's through the meter, damages to personal property or notifying customers of water outage. **I/We are required to install a shut off valve on our side of the meter outside of meter pit. I/We are not authorized to be in meter pit.** It is likely that I/We will need to install a pressure regulator/PRV. It is recommended a check valve be installed on hot water tanks. No other premises can be served by the meter (multiple homes and/or businesses by 1 meter). Meter must be accessible at all times. Please don't plant vegetation around meter or encompass meter in landscaping. If it is necessary to repair CBPSD service line to meter, landscaping will not be replaced or paid for by CBPSD. Please do not run mower over the meter lid. Completing application for new tap does not guarantee service. I/We have received information regarding Cross Connection Control and Thermal Expansion. I understand I am accepting pressure as it exists at metering point which may fall below 20psi in or above 135 in higher pressure areas. I/We agree that CBPSD is not responsible for damage to person or property caused by failure or defects of pipes, high or low pressure, by escape or leakage due to the conditions on said premises existing at or after turning services on and hold CBPSD harmless. **Disclaimer** "In accordance with WV Legislative Rule, Title 64, Series 15, Section 4, and all sections and subsections therein, entitled "Cross Connection and Backflow Prevention", effective 3-13-04, I agree not to "install or maintain an unprotected cross-connection" (e.g. well) to the public water system. I also agree to allow entry to the herein named premises by an employee(s) or agent of the Public Service District for the purpose of inspecting and determining if an unprotected cross-connection exists. In the event it is determined that an unprotected cross-connection exists, I agree to install, at my expense, an approved backflow assembly device as determined by the purveyor and by the degree of hazard to the potable water system." **I/We have completed AND read the above and do hereby apply for water service.**
